## About the front cover picture

Success in the field of improved livestock comes only to those breeders who have a type in mind and who constantly strive toward this type. Our picture shows three animals produced on the farm where this sale is to be held. This is the Hi Ho type. This trio, sired by Edellyn Yankee Mercury, won second prize in the junior get-of-sire class at the 1955 International Live Stock Show. The heifer on the left will be retained. In the center is Spicy Delos, Lot 7 in this sale. The bull on the right is Hi Ho Mercury 18th, Lot 3 in this sale.

Royally bred females like these are to be found in the pastures at Hi Ho Farm.

This map shows the Baltimore area. Hi Ho Farm is easy to find and worth finding for any Shorthorn or Polled Shorthorn breeder.

For those who would like to see more of Maryland during April when Spring is at its best, we call attention to the fact that Washington, the Capital of our Nation, is not too far away; that Annapolis, the home of the U. S. Naval Academy, is easily accessible by highway; that Hampton House, a national historic shrine, is on the highway between Towson and the Farm; and that Goucher College has moved to its new buildings near by.

Right—Major Allen points out the advantages of Shorthorns and Polled Shorthorns to Secretary of Agriculture Benson on the occasion of his visit to Hi Ho Farm.

## Our Shorthorn and Polled Shorthorn Friends, far and near

Welcome to Hi Ho Farm and the "Stars of the East" Sale! Although this word of greeting will be signed only by me, I am mindful in preparing it that I am speaking for all of the fine folks at Archwood Farm, Avenel Farm and Belair Farm. These are our associates in this auction sale and we are as proud of the work they are doing in behalf of the breed as we are of our own efforts.

Combining the productions from these four herds into one sale seemed a most natural program. Our aims and goals are similar. We all maintain large herds of both Shorthorns and Polled Shorthorns. Why? Because we like both kinds, we want to be able to supply both kinds, and we believe such an operation to be most practical. For the seed stock that forms the foundation of our herds, we have all confined our purchases to the top individuals and the top bloodlines from the greatest breeding nurseries in the United States, Canada and Scotland. Numbered among the stock bulls in the four herds are International grand champions, Perth prize winners and the record-priced bulls of the breed. Our plans cover not only the present but the future. Annually we will combine the productions from these four herds and the sale will be held alternately on the different farms.

And so . . . we join hands in inviting you to inspect and make selections from an offering that contains the tops from our four herds. We do so with confidence that good judges everywhere will approve the quality and breeding of each animal and that each will prove an improver. We are proud to offer these cattle under the name and guarantee of Archwood, Avenel, Belair and Hi Ho Farms.

Since our farm has been selected as the site for the first "Stars of the East" sale, all of the members of our own organization join the members of our associate organizations in bidding you welcome to Hi Ho Farms. Although the sale is to be held on Monday, April 23rd, we hope you will all gather with us on Sunday for a day of visiting and an inspection of the breeding herd. We promise a pleasant day for you.

HERSCHEL H. ALLEN

The kind of Polled Shorthorns produced at Avenel Farm.

## **"The Stars of the East Sale"**

This sale is well named. The men who are supplying the cattle are leaders in the Shorthorn and Polled Shorthorn industry. The herds they maintain are the largest and strongest in the East.

In the selection of seed stock for a new herd or replacements for an already well-established herd, a great deal depends on where you buy. There are many reasons why I recommend the "Stars of the East Sale." Chief among these, perhaps, is that I greatly admire the men who are responsible for the offering . . . and from many years of observation I have learned that the men behind a pedigree are just as important as the animals named in it. Having known the owners from the time they established their herds and having observed their codes of ethics, I do not believe that any member of the four organizations will ever knowingly sell an inferior animal for breeding purposes. The herd bulls in service are internationally famous, the cattle are reared under conditions that should insure their health and future usefulness and all four herds are both State Accredited and Certified.

I inspected this sale offering about 60 days ago and was delighted with the quality of the cattle. The pedigrees are strong and the offering is packed with bulls and females of showyard form. It will be obvious to those who attend that the tops from four great herds, both Shorthorns and Polled Shorthorns, have been assembled for this event.

I urge you to attend and I hope you will arrive the day ahead of the sale for a leisurely inspection of the cattle and to partake of the Hi Ho brand of hospitality which is always a delightful experience.

# Terms and Conditions . . .

**Guarantee**—All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association which is printed on page 63 of this catalog. Notices of failure to breed must be given to owners within six months of the date of the auction. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but cattle will be at buyers' risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound and healthy condition. Calfhood vaccination for Bangs is practiced in the herds participating in this sale and all four of these herds are accredited for Bangs Disease. Health certificates will be issued on sale day under the supervision of the Maryland State Veterinarian.

**Terms**—The terms of this sale are cash unless arrangements are made in advance. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

**Liability**—The above guarantee and terms shall constitute a contract between seller and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owners. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

**Inquiries About Cattle Listed**—The sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 S. Locust St., Aurora, Ill.

**Announcements on Sale Day**—Although all information contained in this catalog is correct to the best of our knowledge at the time of printing, we must reserve the right to make announcements of correction. Accordingly, please understand that announcements made from the auction block on sale day will take precedence over matter printed in this catalog.

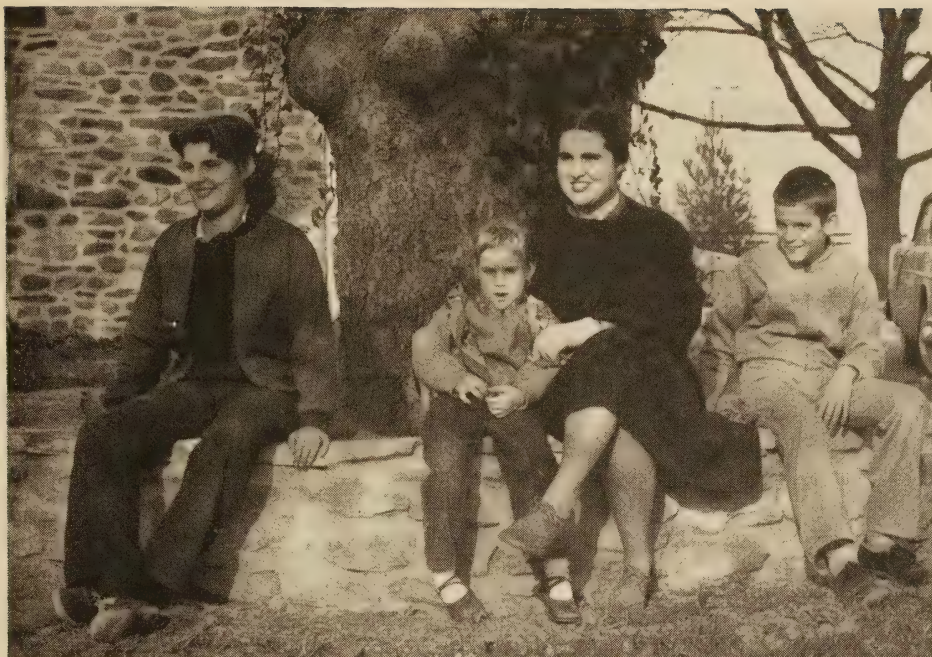

Baltimore is on many railroads and air routes. Service is excellent from New England, Western or Southern states. Equally good service is available to those who wish to travel by plane or bus. We ask those who do not drive their own cars to go directly to the Belvedere Hotel, the sale headquarters, immediately upon arrival in Baltimore. Transportation to the farm will be provided.

Motorists will find the drive to Baltimore most interesting at this season of the year. Motorists coming from the north and west should remember that Hi Ho Farm is located 15 miles north of Baltimore, and that they do not need to go into the city unless they so desire.

Bear in mind that the nation's capital is only 50 miles south of Baltimore. We suggest that you visit this famous city while you are in this vicinity.

If you wish help in planning your trip or in arranging hotel reservations, please contact the Sale Manager, Hal Longley, 16 South Locust Street, Aurora, Illinois.

AVENEL ROYAL BANKER x—A strictly fancy calf—great head, deep bodied, short-legged, thick with a bulging rear quarter. This outstanding calf is by Cherry Hill Royal Apollo, National Polled Shorthorn Congress reserve champion that in turn sired the 1952 Congress champion and top selling female and the 1954 Congress top selling female. The dam, Hi Ho Goldie, is one of our top brood cows. She is by Kelburn Yesteryear, the sire of many champions for Hi Ho Farm, that was a son of the Perth reserve champion, Mount Banker. Edellyn Goldie 15th was a top cow and she by the good breeding bull, Edellyn Royal Leader 55th, a bull that was used by Edellyn before selling at a top price in their 1948 sale. Here is a calf that is linebred in the blood of the "All American Favorite" Edellyn Royal Leader, that combines the blood of the Perth champion, Mount Banker, that in turn sired an International grand champion bull, and, to retain the polled feature, carries the blood of Collynie Type 3rd x, one of the all-time great. A truly great pedigree and an even greater bull. For the man who is looking for a top bull to solve his herd sire problem, here is a calf that we will highly recommend.

Her dam was one of those good daughters of Cherry Hill Royal Leader x, 1949 Internatinal grand champion bull. Another of those good line-bred Edellyn Royal Leader 2nd's. Highland Robin x was a sire of champions and top-selling cattle for S. B. Hudson & Sons of Iowa. This has been one of our best producing families, the great granddam having produced Avenel Secret Ax, a heifer which we showed with success in 1952. We are selling this heifer bred to Calrossie Imperial, our great imported Scotch bull that was the sire of the top-selling female in the Louada sale in Canada last fall and a bull whose first polled calves have been awfully good. AVENEL ORANGE BLOSSOM Cx—A great brood cow prospect by Cherry Hill Royal Apollo x, reserve champion bull at the 1947 National Polled Shorthorn Congress. She is a half-sister of the \$3,500 C & P Royal Gloster Glee x, champion and top-selling female at the 1952 Congress going to Lynnwood Farm of Carmel, Indiana, where she is considered one of the five best cows in that great herd. She is also a half-sister of Avenel Royal Beauty x, top-selling female at the 1954 Congress where she sold to Ashbourne Farm of Prospect, Ky. Some of our very best brood cows are daughters of Apollo. The dam of this good heifer is one of our better breeding cows and a daughter of Cherry Hill Brevity x, one of the very best sons of Edellyn Royal Leader 2nd, and a bull that won his class at the 1949 Eastern National in horned competition. The reserve champion female at the 1946 International was a full sister of Cherry Hill Brevity x and her dam was one of the greatest breeding cows in the famous Cherry Hill herd. Victor's Orange Blossom x was also a good breeding cow in the Cherry Hill herd before its dispersion and several of her calves were shown by them with success. The top-selling bull at the 1955 Hi Ho sale was out of a daughter of that fine cow. For a top brood cow, we would highly recommend this good heifer and to give her further value in your breeding program, she is selling mated to the \$20,000 TPS Max Coronet 5th x, 1953 International grand champion bull and record selling Polled Shorthorn bull. A great calf should result from this mating. Calthood vaccinated.

(Left) Avenel Beauty x, top selling female in our 1955 sale, purchased at \$2,500 by Hawthorne Farm. Like Lot 25, she is a daughter of Cherry Hill Royal Leader x.

(Right) Avenel Clipper 3rd x, Lot 25. She is a daughter of the 1949 International grand champion, Cherry Hill Royal Leader x.

AVENEL LAVENDER D x—A very sweet daughter of Cherry Hill Royal Leader x, 1949 International grand champion bull that has sired champion and top-selling bulls and heifers at many events. The dam, Highland Lavender 2nd x, has been one of our top breeding cows and has given us five heifers in a row. Two daughters in the herd, one was sold to W. C. Jones, Home Again Farm, Franklin, Virginia; we are selling Avenel Lavender D in this sale and the fifth is still with her mother. Lavender Merry 2nd was also a heifer producing cow, having five heifers before dropping a bull. She was the dam of Highland Lavender x, reserve champion female at the Iowa State Fair, and Highland Robin x, also shown in the pedigree, was the sire. We have more direct descendants on the farm today from Lavender Merry 2nd than from any other cow. For regular producers and consistently good calves, this is a great family to tie to and they descend from the Lavender Anoka family. We are selling this heifer open but with breeding privilege to any bull at Avenel. A chance to buy a great little daughter of the champion bred to the bull of your choice. What more could one want? Calhooed vaccinated.

EL-VI-DOR B BUTTERFLY 5th x—A very thick, breedy looking heifer, a daughter of Lynnwood Bruce x, the good breeding son of Lynnwood Leader that sired a lot of good calves for El-Vi-Dor Farms in Indiana. Lynnwood Leader, of course, is the great breeding bull at Lynnwood Farm and the sire of a great number of their show cattle for the past few years. Here is a heifer with a combination of the breeding that has been winning at the International for several years. LYNNWOOD SULTANA 6th x—An own daughter of the great sire of show and breeding cattle, Lynnwood Leader, he a son of the all-time Polled Shorthorn improver, Edellyn Royal Leader 2nd. Lynnwood Nugget x was the top-selling bull in one of the Lynnwood sales and proved to be one of the good sires of the breed. His dam was a daughter of Scottish Daybreak 9th x, International grand champion female that was also the dam of Daybreak's Collynie x, that also appears in the pedigree. Fascinator x was a great sire for Lynnwood and a half-brother of Collynie Compact x, the great Cherry Hill herd bull. This Barmpton Sultana family has always produced well and this heifer should do the same. This thick brood cow prospect is selling bred to Camson Better News, our great breeding son of Calrossie Good News. The calf from this mating could well be worth more than the price of this heifer. Calhood vaccinated.

AVENEL GOLDIE—We had not intended to sell this heifer so don't have a picture of her. She is a dehorned daughter of Lynnwood Metaphor x, the \$3,000 son of Lynnwood Leader, that has left some awfully good calves and this is one of the good ones. Hi Ho Goldie is one of our top brood cows, having produced this good heifer and also Avenel Royal Banker x, the outstanding young bull which we are also selling in this sale. Kelburn Yesteryear has made an outstanding record for Hi Ho Farm with some of their greatest show cattle being sons and daughters. Because of the outstanding producing record of her dam, we had planned to put this heifer back in our herd. However, to fill our portion of this combination sale with our best cattle, we are selling her. Calfhood vaccinated.

AVENEL ROYAL GERMANICA 2nd—A dehorned heifer by the Congress reserve champion bull, Cherry Hill Royal Apollo x, a bull that has sired two Congress top-selling females and a Congress champion female. The dam is one of our good brood cows; her 1955 bull calf is one of our very tops, and a two-year-old daughter, a full sister to this heifer, is one of the thickest, deepest-bodied heifers in the herd. Some of the best Canadian breeding is represented in this pedigree. Campbell's Command was an International champion bull and Newallyn Navigator was the sire of some of the thickest, beefiest cattle to be found anywhere. The daughters of Blythwood Blockbuster have all made top brood cows. Calfhood vaccinated.

# Standard Guarantee

## of American Shorthorn Breeders Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
